MOBILE GALLERY

The opening of the **mObile gallery** explains the *Oberliht* Association's strategy of accommodation to the local political and economic context existent after the 90's by appropriation of available resources inclusively of the web.

MG has as objective to become a platform of reference on the web that is alternative to the processes of standardization and flattening proper to the actual system and values imposed by it. It will present modes of critical and subjective reflection of the social reality by the means of contemporary art and text.

MG wishes to stay free of economic, political or any other constraints. It presents and communicates about the regional but also the local reality from Moldova to the rest of the world.
